For the Good of the Game

B. Kashou is looking into starting recreational level teams for the winter season at the Greater Binghamton Soccer Dome, to continue what CYO and other recreational leagues have in the fall. He is not looking to take away from travel leagues, but to encourage kids to play soccer and improve their skills.

Ed Swartz stated that Maine-Endwell is looking to start their own club, as well. This will strengthen the modified and varsity teams in their schools.

The next meeting will be held November 6th at the Greater Binghamton Soccer Dome. It will be the night to hold elections of officers. Please make every attempt to be there.

Minutes respectfully submitted
